

DEC Regulation of Food Processing Waste Use in Ag

Sally Rowland, Ph.D., P.E.
Molly Trembley, P.E.
NYSDEC, Division of Materials Management

IMPORTANT NOTE:

We are discussing DEC solid waste requirements, NOT SPDES requirements.

Check out our Organics Management for Farms page: https://dec.ny.gov/environmental-protection/recycling-composting/organic-materials-management/farms#whey

Cheese Residuals – Potential Reduction and Recycling Options

- Co-products
- Food donation
- Animal feed
- Land application in agriculture
- Anaerobic digestion
- Other

Coproducts

- Animal feeds
- Fermentation media
- Beverage ingredient
- Whey protein powders, etc.

Existing research:

DEC has provided \$500k+ to the food science group at Cornell to investigate alternative food products

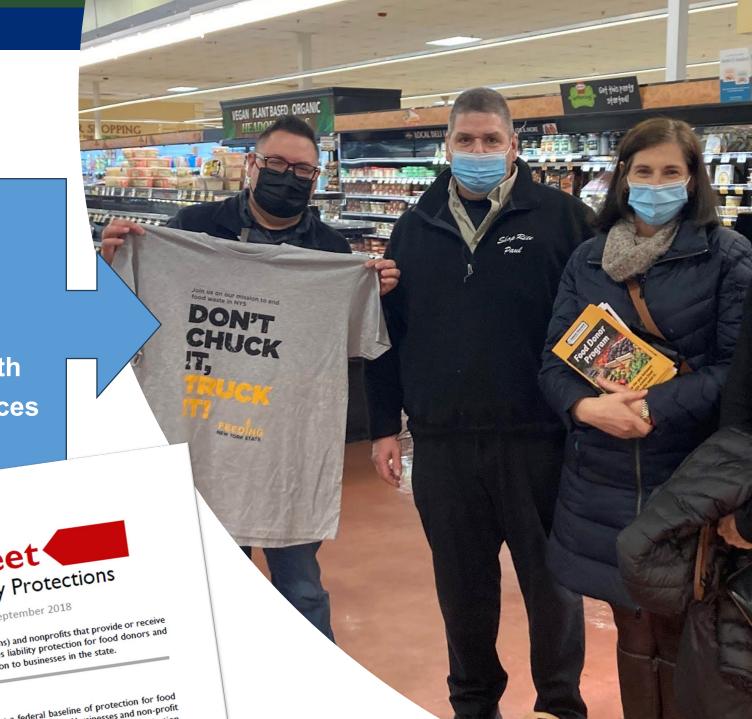

To right: Professor Sam Alcaine showing off *Norwhey*, an alcoholic seltzer product created from acid whey

Food Donation

DEC Partner Feeding NYS Call Center – (518) 930-7000

- Setting up a donation program
- Finding a food bank or local food rescue organization to partner with
- Understanding food safety practices when donating

Legal Fact Sheet

New York Food Donation: Liability Protections Created by the Harvard Food Law and Policy Clinic, September 2018

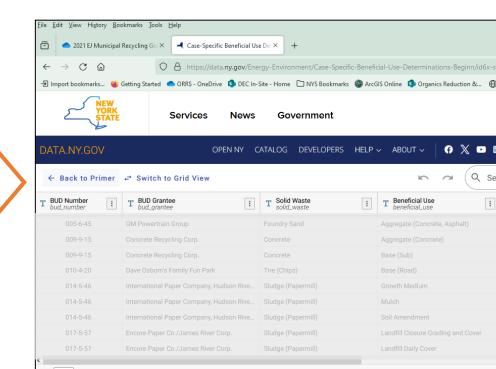

Federal and state laws provide strong liability protections for businesses (including farms) and nonprofits that provide or receive denoted food. The federal Rill Emercon Good Semantan Food Donation Act provides liability protection for food denoted and the federal Rill Emercon Good Semantan Food Donation and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation Act and The federal Rill Emercon Good Semantan Food Donation A Federal and state laws provide strong liability protections for businesses (including farms) and nonprofits that provide or receive donated food. The federal Bill Emerson Good Samaritan Food Donation Act provides liability protection for food donors and strategies and New York Good Congrigor law provides additional liability protection to businesses in the state. gonated 1000. The rederal Diff Emerson Good Samaritan rood Donation Act provides hability protection for 1000 recipients, and New York's Good Samaritan law provides additional liability protection to businesses in the state.

Animal Feed

Part 360 Beneficial Use Determination (<u>BUD</u>) required (360.12) Existing BUDs have been approved for *cheese and yogurt whey*

OpenData lists all existing BUDs across NYS

Dairy Byproduct BUDs

Examples of active or previously granted BUDs:

Animal Feed

- Insight Dairy
- H.P. Hood
- Johnstown Renewables
- Baskin Livestock
- North Country Dairy
- Chobani
- Upstate Farms Cultured Products

Fertilizer

H.P. Hood (treated milk wastes)

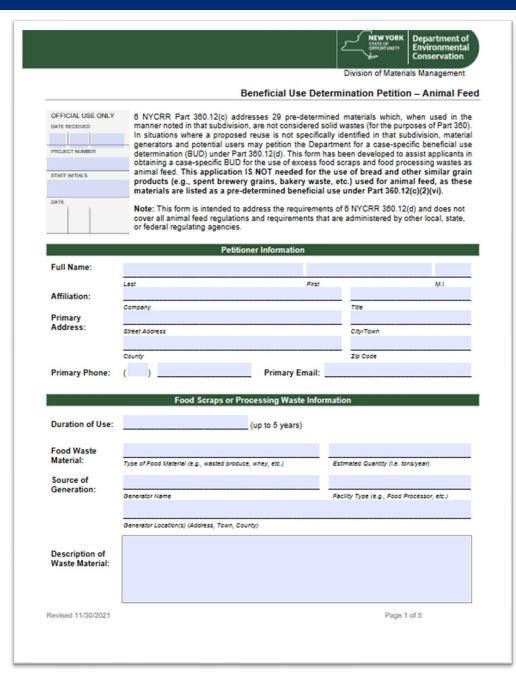

BUD Petition

- Description of material
- Quantity of material
- Description of how material is collected and stored at the processor
- List of methods to control contamination in material
- Depackaging details (if applicable)
- Nutritional info (not req'd if another BUD has been issued)
- List of farms that will accept material
- Description of how farms will store the material and control odor, spoilage, runoff, etc.

Land Application (6 NYCRR Part 361-2)

Exempt if:

- Directly land applying (no storage)
 OR if:
- Storage structure is NRCS NY313 complaint
- No sanitary/industrial waste
- Not located on Long Island or NYC watershed
- FPW ≤ 50% by volume annually

Registration if:

- Non-manure ≤ 10% in storage by volume annually w/no liner cert.
- Non-manure ≤ 40% in storage by volume annually w/NRCS NY313 cert.
- No sanitary waste

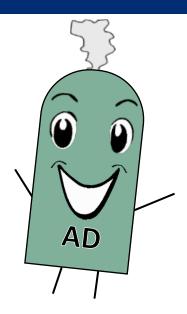

OR if material is directly land applied:

- Must analyze waste and apply at agronomic rates
- Site criteria in 361-2.5(b) (e.g., slope, etc.)
- Land app in NYC watershed or Long Island must be addressed in CNMP
- Temporary field storage allowed w/site criteria
- Odor management plan

Department of

Environmental Conservation

Anaerobic Digestion of Whey and Dairy Byproducts

- FPW ≤ 50% by volume annually
- Physical contaminant limits

Registration if:

- Does not qualify for exemption
- Enclosed storage for FPW
- See site criteria in 361-3.3(c)

Exempt if:

• \leq 1,000 lbs or 1 cy per week (mo. avg)

Registration if:

- < 50 tons per day</p>
- Enclosed storage for FPW
- See site criteria in 361-3.3(c)

Permit required if it doesn't qualify for exemption or registration (e.g., > 50 tons per day)

Check out our guidance for food processing waste at a farm: https://extapps.dec.ny.gov/docs/water-pdf/360flowchart.pdf

How to apply for a registration

DEC Regional Office - Materials Management Supervisor

Find contacts here: https://www.dec.ny.gov/chemical/76718.html

Completed registration form and supporting information submitted to DEC regional office

Find forms here: https://www.dec.ny.gov/chemical/52706.html#Application Forms

Valid for 5 years; **no** application fee See Part 360.15 for additional conditions concerning registrations

EXPIRATION DATE				

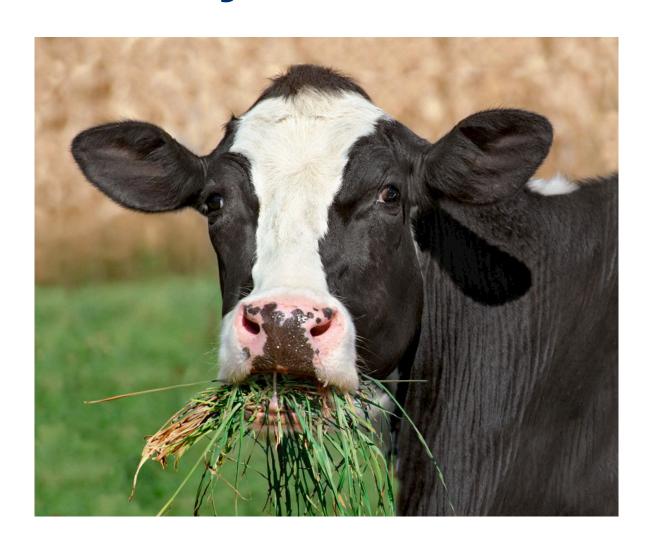

REGISTRATION FORM FOR A SOLID WASTE MANAGEMENT FACILITY

Please read attached instructions (found at the end of this document) before completing this application. This is not a UPA permit. Solid waste management facility operations are not authorized until a registration is validated by the Department. Attach all required information to this form, as described in the instructions.
